# OVERVIEW

# STRATEGIC CONTEXT

The Learn Local sector plays a vital role in changing the lives of Victorians each year by supporting learners to achieve their goals.

The Learn Local courses that you all deliver every day, make a real difference in people's lives. We know how hard you and your teams work to ensure each and every learner has an opportunity to achieve their goals.

There is a wealth of great examples on the Learn Local social media channels:

Learn Local website (for learners): [www.learnlocal.org.au](http://www.learnlocal.org.au)

Twitter: [www.twitter.com/learnlocal](https://www.twitter.com/learnlocal)

YouTube: [www.youtube.com/learnlocal](https://www.youtube.com/learnlocal)

The delivery of ACFE Board-funded training programs is a core component of this work. This EOI begins the planning and allocation process for ACFE training delivery in 2022.

# CENTRAL RESOURCES

In addition to your local courses, centralised training resources and other supports are being developed. Some of these resources are available now – like digital literacy courses, pathways into further study and work, and industry contextualised training. More resources will come on-line in the coming months.

These can be used as is (wholly or components) or customised to meet local community needs. We encourage you to look at these resources as well as your own, when planning your EOI responses.

Details and links are in the Program Table (Attachment 1), which accompanies the 2022 ACFE Training Delivery Guidelines. Both of these are on the Learn Local resources hub: <https://learnlocal.org.au/resources/>

# COVID-19

- In the current challenging environment, the work of the Learn Local sector is more important than ever. Each one of you have an opportunity to help your local community recover from the ongoing impact of COVID-19.
- Thank you for responding to the recent pulse survey. It provides a valuable insight into the issues and challenges you are experiencing right now. The ACFE Board has heard your concerns and is actively considering options and we will advise you further as soon as possible.
- The ACFE Board is very aware that the work involved in transitioning to and from online classes and keeping your learners engaged through a range of other methods, depending on the COVID restrictions, presents challenges for some Learn Locals. But your efforts in doing so mean that more learners can continue to be engaged in training.
- Finally on this issue – please keep in mind the potential need for flexibility when planning your training delivery in 2022, given the ongoing challenges COVID could present.

# ACFE TRAINING DELIVERY ROLES AND PRIORITIES

# ACFE BOARD AND REGIONAL COUNCIL ROLES

## ACFE Board

The role of the ACFE Board is to plan and promote adult learning, allocate resources, develop policies, and advise the Minister for Training and Skills and Higher Education on matters related to adult education in Victoria.

Through the Board, the Victorian Government provides funding to Learn Local providers, AMES Australia and the CAE, to deliver education and training programs to a broad range of Victorians over compulsory school-leaving age, with a special focus on people who have had limited prior access to education.

## Regional Councils

Using their different expertise and local knowledge about adult education, Regional Councils advise the ACFE Board on the needs of adult education across their region and contribute to state-wide planning and policy development.

# 2022 ACFE TRAINING DELIVERY PRIORITIES

## ACFE Board Strategy 2020-25

Pre-accredited programs must reflect the **Board's strategic priorities** outlined in the ACFE Board Strategy 2020-25.

The Strategy is a primary means to implement the Ministerial Statement on the Future of Adult Community Education in Victoria 2020-25.

The ACFE Board has identified people who have experienced educational disadvantage as a priority in the design and delivery of pre-accredited programs.

## Digital Skills

Through the Victorian Budget 2021-22, the Government has identified **digital skills** as a priority, to tackle the digital skills divide facing educationally disadvantaged Victorians.

Training delivery hours are available in this EOI for the delivery of digital skills courses, in addition to General Pre-accredited hours.

# KEY ROLES FOR ACFE TRAINING

Contracted providers are expected to deliver pre-accredited courses aligned to one or more of the four roles outlined in the [ACFE Board Strategy 2020-25 \(p8\)](#):

	Engage and participate	Achieve success
Further education and training	<p><b>Building confidence and skills for participation in education and training</b></p> <p>Learners engage and re-engage in learning through supportive, inclusive, flexible learning environments</p> <p>Learners acquire the literacy, numeracy and English language skills they need for full participation in the community and to enter further study</p>	<p><b>Supporting successful attainment in accredited training</b></p> <p>Learners concurrently develop the literacy, numeracy, English language and digital skills they need to successfully complete accredited training</p>
Work	<p><b>Building confidence and skills for participation in work</b></p> <p>Learners acquire the employability and digital skills, and the literacy, numeracy and English language skills they need to get a job</p> <p>Learners develop skills in demand by employers</p>	<p><b>Upskilling and reskilling vulnerable workers</b></p> <p>Learners reskill and upskill, as workplace requirements change, and keep pace with innovation, disruption and industry transition</p>

# PURPOSE OF ACFE TRAINING DELIVERY

# ACFE TRAINING DELIVERY

The primary purpose of pre-accredited education and training is to provide opportunities for adult learners in Victoria to gain the educational capacity and core skills they need for study, work and life.

Pre-accredited education and training addresses the particular needs of adults who have experienced barriers to education in the past.

Pre-accredited training programs focus on creating pathways for learners to further education and training or a pathway to employment.

Programs are designed to be flexible, meet learners' needs and support them to return to study, improve their literacy and numeracy skills, their qualification pathways and broaden their employment options.

# THE PRE-ACCREDITED QUALITY FRAMEWORK

All courses on your Delivery Plan must meet the requirements of the Pre-accredited Quality Framework (PQF).

The PQF is a system of interrelated processes that ensure quality and continuous improvement in the cycle of planning, developing, implementing and reviewing pre- accredited courses.

The PQF supports teachers and managers to plan, develop, teach and review pre-accredited courses.

All responses to this EOI must meet the ACFE training delivery guidelines which require a proposed **Delivery Plan with associated A-frames that meet ACFE Board priorities and quality standards** for ACFE training delivery.

Your proposed Delivery Plan will be considered for its alignment with the **ACFE Board Strategy 2020-25**, the intent, content and **quality** of proposed courses and the **demand** for training in each LGA.

The ACFE Board has allocated student contact hours for General Pre-accredited Training, across the 8 ACFE regional areas under a fixed annual budget.

# DELIVERY PLAN

## What's new in the 2022 Delivery Plan Template?

- The [2022 Delivery Plan](#) looks different from previous versions, but collects the same information as in previous years.
- It uses data forms to enter information, rather than a direct spreadsheet entry to help streamline the information entry, and support improved data consistency and quality by providing:
  - providing dynamic help and tips (see the text box in each data form)
  - automating some entries such as Learn Local Details, Funding Source Codes and Course Codes to support consistent reporting.
  - pre-filling some fields such as Course Name, which you can also edit
  - drop-down boxes to provide consistent responses
  - data validation to ensure all necessary information is provided and within the allowable range (eg course SCH).

# LEARNER ENGAGEMENT A-FRAME PROGRAM (LEAP)

# LEARNER ENGAGEMENT A-FRAME PROGRAM (LEAP) - OVERVIEW

The primary purpose of LEAP is to improve engagement with learners who may find the duration of pre-accredited courses (20 hours or longer) a barrier to participation, and to provide flexible pathways for them.

LEAP is a distinct and separate program from pre-accredited training delivery, in its particular focus on engagement.

LEAP is a small, targeted initiative, to assist providers to engage the most hard-to-reach learners.

Keep in mind the need for flexibility and strategies for engagement given the context of COVID-19 and experience of LEAP in 2021. Encourage engagement as pathway to pre-accredited courses.

# HOW TO APPLY FOR LEAP FUNDING

1. Only providers who have **applied for a 2022 General Pre-accredited and/or Digital Skills allocation can apply** for the Learner Engagement A-frame Program (LEAP).
2. Read the LEAP section in the **2022 ACFE Program Delivery Guidelines and** consider if LEAP is appropriate for your 2022 delivery.
3. LEAP courses are minimum of **5 hours** and no more than **19 hours in duration**.
4. There is a **maximum** LEAP allocation, which is 10% of your General Pre-accredited SCH allocation, or 200 SCH if your pre-accredited allocation is up to 2,000 SCH.
5. Complete the **ACFE 2022 Delivery Plan** by LGA and **Course Plans, by selecting the LEAP program stream**. Session Plans are not required.
6. **What's new:** LEAP payments are 50% up front after execution of contract and 50% upon reporting 50% of enrolments by 31 July.
7. Submit your application in **ONE email** with your Pre-accredited Training application and Digital Skills (if applicable) by **COB 7 October 2021** via email to:  
[training.participation@education.vic.gov.au](mailto:training.participation@education.vic.gov.au)

# LEAP ASSESSMENT CRITERIA

All LEAP proposals will be subject to the following assessment criteria:

- Clear **engagement** strategy and rationale for LEAP course duration
- LEAP programs are **clearly distinguished from pre-accredited programs**
- Proposed courses which are **15 SCH or longer will be assessed as exceptions** and will require a clear rationale for the course length, aligned to the LEAP purpose
- Program aims must demonstrate improved learning outcomes for learners as outlined in the LEAP outcomes.
- Programs specify how **learners will be linked to pathways to further education and training or employment.**

# DIGITAL SKILLS

# DIGITAL SKILLS

These additional places include 2 components:

## Digital Literacy Essentials

Digital literacy courses that provide adult Victorians with the entry-level digital skills required to make basic use of digital devices and online applications. This includes the centrally developed courses **Digital Essentials Level 1** and **Digital Essentials Level 2**, as well as provider-developed A-frames and resources.

## Digital Skills for Employability

Digital literacy courses with a specific focus on employability, providing adult Victorians with core employability skills training which embed a digital component.

# GENERAL PRE-ACCREDITED TRAINING

# GENERAL PRE-ACCREDITED TRAINING

General pre-accredited training provides opportunities for adult Victorians to gain the educational capacity and core skills they need for study, work and life.

General Pre-accredited training includes the following program categories.

Literacy and Numeracy	includes courses focused on reading and writing everyday texts, including digital texts and/or using maths in everyday life, either localised or Skills for Work and Study
Employability	includes courses focused on assisting learners to develop and improve their core and transferable skills to engage in the workplace
