

Work sheet

COMMUNITY-LED RECOVERY SUPPORT GRANTS

June 2021 Flood and Storm

This work sheet is not an application form, however it provides a list of question to help councils prepare for the Community-led Recovery Support Grants application period.

Part C: Project Details

Which Areas of Delivery are you applying for?

Grants of up to \$320,000 are available to LGAs across four streams to support recovery needs for impacted communities.

Area 1: Community-identified recovery and resilience projects

To fund delivery-ready projects that have been identified as priority projects by the community and seek to promote community resilience and social connectedness.

Area 2: Community recovery group operating expenses

To support community recovery groups to cover small-scale operational costs and costs associated with setting up a new community recovery group.

Part D: Project Details

Which Areas of Delivery are you applying for?

Grants of up to \$320,000 are available to LGAs across four streams to support recovery needs for impacted communities.

Area 3: Professional services support for planning and delivering recovery priorities

Support services to assist community groups planning and delivering on community recovery initiatives.

Area 4: Volunteer costs associated with clean up and community recovery

To support community recovery groups to cover small-scale operational costs and costs associated with setting up a new community recovery group.

What is the title of your funding initiative?

In a short sentence describe the purpose of your funding initiative. We will use this title on all correspondence, updates and final reporting at the end of funding period.

Part D: Project Details

How did the June 2021 Flood and Storm directly impact your community?

Briefly describe impact of June 2021 storms and floods on your community and why support is needed? Consider the following prompts for your response:

- What are the community issues that need addressing?
- What are the challenges faced by community recovery groups and volunteers involved in community recovery?
- How has the flood and storm event disrupted the lives of community members?
- How have/will you identified the community and/or target groups who may benefit from your activities?

Provide a short summary of what you want to do.

Part D: Project Details

Location

LGAs must demonstrate that proposed initiatives will occur in a flood and storm affected area and describe how the flood and storm directly impacted that community.

The following LGA'ss are considered within the scope of the program:

Baw Baw, Cardinia, Hepburn, Latrobe, Macedon Ranges, Moorabool, Wellington, South Gippsland and Yarra Ranges.

What community/communities will be the main beneficiaries of your proposed initiative(s)?

What LGA are these communities located in?

This is the LGA where activities will predominantly take place.

Visit [Know Your Council](#) to look up your LGA.

Part E: Activities and Initiatives

Purpose of the Funding

Demonstrate how you will ensure the funds will deliver direct benefit to a flood and storm affected community and support one or more of the program objectives.

How will the funds be used to support the program objectives and direct benefit(s) to flood and storm affected communities?

Briefly describe projects and activities to be supported by CLRS and how they align with the overarching objectives of the funding program.

You must identify how your project supports one (or more) of the program objectives:

1. Support community-led recovery in communities most affected by the June 2021 Flood and Storm by providing financial assistance to progress community recovery and resilience priorities.
2. Strengthen the capacity and capability of communities to plan for and lead their own recovery from this event, as well as build community resilience to future disasters.
3. Encourage community connectedness and cohesion through genuine community engagement and participation in initiatives and activities that support community-led recovery.

Part E: Activities and Initiatives

Community participation

LGAs must demonstrate how the grant will be used to:

- support broad community involvement in the planning and delivery of community recovery activities.
- build the capacity of the community recovery group to actively lead community recovery

How will your proposed initiatives support community-led recovery and ensure broad community participation and engagement?

Consider the following prompts for your response: How will you demonstrate the project will:

- be led by and directly serve the local community?
- be promoted to the community?
- enable locally led action and engagement?
- support the engagement across all sectors/demographics of the local communities, in particular First Nations groups?

How many community members will likely benefit from this proposed initiative(s)?

Describe how you arrived at this figure. (e.g. 150)

Consider the following prompts for your response:

- Potential number of community members who will directly benefit from projects funded by CLRS
- Potential number of people reached through community engagement

Part E: Activities and Initiatives

Planning, distribution and delivery

Provide an overview of your initiatives key planning, distribution and delivery details below.

Full details will be provided in your Grant Delivery Plan and will be included in your assessment. Ensure you have attached your Grant Delivery Plan along with other required documentation before you submit. You must use the BRV Grant Delivery Plan template.

Have you worked with all relevant parties, including BRV, to prepare the attached Grant Delivery Plan?

On what date are you hoping to launch your proposed initiatives?

On what date will your proposed initiative close/finish?

How are you going to allocate/distribute funds?

Provide a summary of the key details provided in Grant Delivery Plan that describe your approach to distributing funds.

Consider the following prompts for your planning and response:

- Who is involved?
- How are community recovery groups involved?
- What is your criteria to allocate funds?
- What steps/stages need to happen before distribution?
- What are your timeframes?

Outline how you will ensure any activities/events/projects run under your proposed initiative will comply with Victorian COVID-19 restrictions and requirements.

You can add a link to your Council Covid-19 Safe plan.
