Licence conditions

You are responsible for your customers when they are at your venue and as they leave (this includes immediate footpath area).

If you have special conditions listed on your licence, you must comply with them, or you will be committing an offence.

The maximum number of permitted customers (patrons) prevents overcrowding and minimises impacts on surroundings for example noise.
If you allow more people than stated, you are committing an offence.

If you have approval to supply alcohol in a footpath dining area it will be listed here.

This approval allows supply of liquor during catering for social receptions or functions at another location other than the licensed premises (offsite).

- Q.2 Yes. Under a restaurant and cafe licence you cannot supply alcohol for off-premises consumption other than with an adult meal and only 1 x 750ml bottle of wine.
