| Total number of licences: 39 | | | | | | Total number of demerit points: 51 | |

Notes

Liquor Control Victoria (**LCV**) must keep and record a demerit point against a licence/permit in the Demerit Register when it is incurred.

A demerit point applies to a licence/permit for a period of three years from the date on which it was incurred. LCV must suspend a licence/permit if it reaches the following thresholds:

- 24 hour suspension – accrual of five demerit points within three years of the date of the first demerit point being recorded in the Demerits Register
- 7 days – accrual of 10 demerit points within three years of the date of the first demerit point being recorded in the Demerits Register
- 28 days – accrual of 15 demerit points within three years of the date of the first demerit point being recorded in the Demerits Register.

Demerit points will be removed from the Demerit Register in the following circumstances:

- LCV grants an application by a licensee to deduct a demerit point(s) from the Demerits Register
- the demerit point expires (on the day immediately after three years since the date the demerit point was incurred)
- the issuing authority withdraws the Penalty Infringement Notice.

For more information about the demerit points, go to LCV's website at liquor.vic.gov.au
