--

Other (please specify)

--

4. Animal ethics approval

Animal ethics approval may be required for fin clipping, tissue sampling, tagging and collection of biometric data. For further information visit <https://agriculture.vic.gov.au/livestock-and-animals/animal-welfare-victoria/animals-used-in-research-and-teaching/licensing-to-use-animals-in-research-or-teaching/activities-requiring-a-licence>

If you have obtained animal ethics approval please provide details below. A copy of the animal ethics application and approval must be submitted with the application.

Animal Ethics Approval Reference #

Approval date

Expiry date

4. Proposed sites

Please provide the locations where you intend to conduct your proposed activity. For example 'Mt Clay State Forest, or various locations in Melton Shire. GPS coordinates are not required but may be included.

For translocation and/or take from the wild, you must include details on the location where species will be kept, collected from and/or released. Please also include the street address of any location where species will be kept for the duration of the project.

Please note, a permit approved under the Flora and Fauna Guarantee Act 1988 does not convey the right of entry to any property or site (including public or Crown Land) to conduct authorised activities. Prior permission from the landowner or manager is required.

Acknowledgment by applicant*

- ☐ I understand that there are penalties for making a false declaration and that any permit issued as a result of false or misleading information will be cancelled and may affect my eligibility for future permits or licences under the *Flora and Fauna Guarantee Act 1988*.
- ☐ I declare that all details provided in relation to this application are true and correct.
