# Victorian Government Values Statement

The Victorian Government is committed to building community harmony and ensuring every Victorian feels safe and can participate in all aspects of Victorian life. This commitment is reflected in the contractual relationship with funded organisations, which sets out the expectation that organisations will uphold the Victorian Government values and the Commitment to Social Cohesion when delivering their funded projects.

## Victorian Values Statement

Whether at home, at work, while volunteering in the community, these are the values that make Victoria a great place to live – and a place we can all be proud of.

### **1. One law for all**

All Victorians have the same responsibilities, rights and protections under the law.

### **2. Freedom to be yourself**

Everyone is free to be themselves and to feel safe in being true to themselves.

### **3. Discrimination is never acceptable**

Everyone has a responsibility to promote inclusion and participation and to reject exclusion, racism and all forms of violence.

### **4. A fair go for all**

Every Victorian should be given the support they need to enjoy the Victorian way of life.

### **5. It is up to all of us to contribute to a Victoria we can be proud of**

We all want similar things – the opportunity to thrive, for our successes to be recognised, and for our families and loved ones to be safe, secure and happy.

## Commitment to Social Cohesion

Victoria is a proudly diverse community.

Our social cohesion is part of what makes our state a great place to live.

It is expected that your organisation will commit to upholding Victoria's social cohesion.

You will do this in your daily conduct as an organisation by:

- Supporting shared understanding and celebration
- Being respectful of different views and perspectives
- Creating an inclusive environment where everyone can belong
- Rejecting racism, vilification and discrimination in all forms.

You will acknowledge that the conduct of your organisation, its employees, its contractors and/or volunteers, adheres to the Victorian Values statement and the Commitment to Social Cohesion.

You are required to read, understand and make your employees, contractors and volunteers aware of the Victorian Values statement and the Commitment to Social Cohesion.

# Message from the Minister for Multicultural Affairs

I am pleased to announce the launch of the 2025-26 Multicultural Capacity Building Program.

The Victorian Government is proud of the rich history of multiculturalism and the diversity that makes our state such a vibrant place to live.

Multicultural organisations play a key role in enriching our communities. Their work fosters connection, belonging and opportunities across Victoria.

However, grassroots groups and those representing new and emerging communities can face complex demands and challenges.

Victoria's Multicultural Review, led by George Lekakis AO, highlighted the importance of community-led action. It called for greater support to grassroots organisations so they can become strong and sustainable.

The Victorian Government recognises that strengthening the work of multicultural organisations and their capacity to engage with government and communities is vital.

In response, I am proud to launch the Multicultural Capacity Building Program. This program aims to support the day-to-day operations of organisations, build their capabilities and resilience, and increase their impact.

Supporting organisations to grow with confidence supports Victoria's commitment to a vibrant and inclusive multicultural society. It ensures they can continue their important work and make a lasting difference in the lives of multicultural and multifaith Victorians.

# What is the Multicultural Capacity Building Program?

The Multicultural Capacity Building Program (MCBP) supports multicultural community organisations in Victoria to strengthen their capacity and continue to create positive change for communities.

The MCBP aims to help multicultural organisations, to deliver better outcomes for Victorian communities by:

- enabling strength-based capacity building that supports organisational sustainability
- fostering collaboration between multicultural organisations, government and communities.

This **one-year** grant program is:

- **competitive** – meaning not all applications will be successful
- awarded **based on merit** and at the discretion of the Minister for Multicultural Affairs, factoring in assessment recommendations from Department of Premier and Cabinet.

## Who does the funding prioritise?

The department will prioritise applications by organisations who engage with:

- new and emerging communities
- rural and regional communities

These organisations often have less access to resources.

Please see the [Definitions and abbreviations](#) section at the end of this document for a helpful table.
